SIVA SATYA SAI PRAHLAD KAKI

FRONTEND DEVELOPER

9346822260 | k.sssprahlad@gmail.com

SUMMARY

UIDeveloper with hands-on experience in JavaScript, React.js, and web development. Over the past several months, I've worked on real-world projects where I contributed to building responsive and user-friendly web applications. I'm comfortable writing clean, maintainable code and enjoy learning new tools and technologies to improve my skills. Looking to grow as a front-end developer by taking on new challenges and building great user experiences.

TECHNICAL SKILLS

HTML	React.js	Bootstrap	Python
CSS	Node.js	Java	SqLite
JavaScript	Express.js	Spring Boot	

PROFESSIONAL EXPERIENCE

PayorchTechnologies Private Limited   **May 2024 - May 2025**

- Developed and maintained responsive web applications using React.js and modern JavaScript features
- Built reusable UI components and optimized rendering performance with React hooks and state management techniques.
- Improved website performance and accessibility by implementing best practices.

CCBP Intensive 3.0 Program – NxtWave   **April 2023 - May 2024**

- Trained in full-time MERN stack training focused on building real-world web applications. Gained hands-on experience with React, RESTful APIs, Git, and responsive UI development. Strengthened problem-solving and collaboration through coding challenges and mock interviews.

UNDER ACADEMIC PURSUITS

- Prepared for competitive group exams, focusing on general studies, reasoning, and analytical skills (September 2021 - April 2023).

PROJECTS

My Portfolio

- Developed a responsive Personal Portfolio website where users can view professional details including projects, technical skills, and work experience.
- Built the frontend using React.js with a mobile-first approach to deliver a responsive and user-friendly interface across devices.
- Implemented backend services using Node.js and Express.js, with SQLite for data storage and management.
- Developed an Admin module with secure access that allows administrators to add, update, and delete projects using full CRUD operations

  Technologies used:
  - React.js
  - Node.js
  - Express.js
  - SqLite
  - Css
